My dear friend  
Franklin T.  
Kendall

My family are the  
natives of America  
my birthplace  
August 2 September  
while my under  
name is to be under  
going repair.

I fear that the cold  
winter will not be  
a very severe winter.

Perhaps down you  
might visit London  
and what is still  
with you and the  
family of Granada.

I hope to go  
back to visit  
you during the  
month of February

March or April  
we might make  
a long visit.

I will give you  
first pleasure to  
see you & your  
wife.

After my  
return of I will  
ask for you  
your kind
